

Owing to anticipated disruptions in traffic and parking during the America's Cup events in the Marina, we will be meeting in the Golden State Warriors conference room at the Hills Plaza in July and August.

The Location is:

Golden State Warriors  
2 Harrison Street, Suite 140  
San Francisco, Ca.

The Warriors offices are in the Hills Brothers Building. It is a very large, red brick building. It faces Harrison Street on one side, but faces the Embarcadero on the East Side. It is right across the street from the Water Bar restaurant, and the Palomino restaurant is in the same plaza.

There is a parking garage under the building, and the afterhours rate is a flat \$10.00. There is usually street parking available after work hours too, and there is a less expensive parking lot at the corner of Spear and Folsom. The Hills Plaza is the center of the building, and the Warriors office is located on the southeast corner of the plaza.

## **NOTE LOCATION CHANGE FOR JULY AND AUGUST.**

**1167<sup>th</sup> meeting of the  
Pacific Coast Numismatic Society  
7:30PM Wednesday July 24, 2013  
Golden State Warriors  
2 Harrison Street, Suite 140  
San Francisco, California**

**Building an MS  
Peace Dollar set.  
A learning process.**

A discussion led by Dan Hipple

### ***1166<sup>th</sup> meeting, June 22, 2013***

Our annual banquet was a Barbeque at Federico's home in Berkeley. Federico and his wife hosted members for an afternoon of good conversation, drinks, and great food. The assembled crowd enjoyed a lively game of PCNS Bingo. President Stephen Huston presented Federico with his past president's medal. A second medal will be delivered to Whalen at a later date.

Dan Hipple announced the winners of the 2013 PCNS publication competition.

Jerry won first place with his essay, "Chinatown Tales."

Bill received second place with his essay, "Remembering California's Service in the Spanish-American War."

Mark Benvenuto received Honorable Mention with his essay, "From the Ancient Presentation Pieces to Common, Modern Proof Sets: The Evolution of an Elite Coinage."

As we celebrate the 4th of July, I thought a few celestial images might be appropriate:

### ***1681 Silver French Jeton***

Issued to honor the new Dauphine, Anna Marie Christine de Bavière. The celestial crown commemorates NOVVM DECVS ADDITA COELO (A new glory added in the sky).

### ***2013 meeting Schedule:***

\*\*\*August 28, 2013: Hills Plaza

September 25, 2013: Building C, Fort Mason

October 23, 2013: Building C, Fort Mason

November 27, 2013: Building C, Fort Mason

December 18, 2013: Building C, Fort Mason

### ***1656 Silver French Jeton***

Issued by the Army Accountants, Ordinaire des Guerres. Jetons passed as currency, but they avoid the distasteful practice of the monarchy actually paying money to those who served. The legend, OPPORTVNVS ADEST, (Opportune appearance) refers to the appearance of a celestial shield during the Trojan War. Many call this a UFO jeton.
